Interacción 2010

XI Congreso Internacional de Interacción Persona-Ordenador
Celebrado en el marco del CEDI 2010
7 al 10 de septiembre del 2010
Valencia - España

AIPO

Call for Papers

The International Conference *Interacción 2010* is targeted to promote and spread the recent advances in the human-computer interaction area in both Academia and Industry. The conference aims to establish a discussion and idea-interchange forum in order to further advance in the use and application of innovations related to Interaction in nowadays challenging fields including Health-care, Education and Learning, Communities and Social Networking, Information and Knowledge Accessing, New Computational Environments, etc.

The Human-Computer Interaction Association (AIPO, www.aipo.es) is organizing this conference since the year 2000. The XI*th* edition will be held in Valence, Spain, 7-10 September 2010, in the context of the third edition of the Spanish Computer Science Conference (CEDI).

TOPICS OF INTEREST

- Information accessibility
- Adaptation and evolution
- Fine arts and interaction
- Digital libraries and electronic books
- Electronic commerce and interaction
- Ubiquitous and pervasive computation
- Virtual communities and social networks
- Model-based interface development
- Interaction devices
- Environments and tools for the development of user interfaces
- Ergonomics (Human factors)
- Evaluation of interactive systems
- Experiences in Enterprises
- Hypermedia and Web
- Ambient Intelligence
- Interaction, learning and teaching
- Interaction at home (Domotics)
- Interactions of people with special needs
- Human-machine Interaction
- Human-computer-human Interaction
- Human-robot Interaction
- Natural language interfaces
- Smart interfaces
- Methodologies to study interactions
- User and groups modelling
- Multimedia
- Virtual and augmented reality
- Interactive and multimodal Systems
- Collaborative systems (CSCW/CSCL)
- Context sensitive systems
- Theories, conceptual models and ontologies
- Usability
- Information visualization
- Semantic Web

ORGANIZATION

Conference Chairs

Óscar Pastor López
Universidad Politécnica de Valencia
Spain

Pedro Latorre
Universidad de Zaragoza
Spain

Program Chairs

José Luis Garrido Bullejos
Universidad de Granada
Spain

Fabio Paternò
ISTI–CNR
Italy

Organization Chair

José Ignacio Panach
Universidad Politécnica de Valencia
Spain

IMPORTANT DATES

Final Call for Participation
15 January, 2010

Tutorial submissions
20 February, 2010

Contribution submissions
09 April, 2010

Notification
12 May, 2010

Camera-ready submission
1 June, 2010

Conference celebration
7-10 September, 2010
